## RG System to Exhibit at CompTIA ChannelCon 2016 –
## Booth # 423

*RG System offers a network management solution as a SaaS mode to Showcase RG Supervision, RG Security and RG Backup at the IT Industry's Premier Conference for Collaboration, Education and Networking in Hollywood, Fla. #ChannelCon16*

**Hollywood, Florida, July 19th, 2016 —** RG System today announced it is exhibiting at CompTIA ChannelCon 2016 "Breaking Boundaries," the premier collaboration, education and networking event for IT vendors, distributors and channel partners, August 1-3 at The Diplomat Resort & Spa in Hollywood, Fla.

Hosted annually by CompTIA, ChannelCon is attended by technology vendors, distributors and solution providers, as well as industry influencers, press and analysts from across the IT channel. More event details, including registration, are available here. Follow RG System (@RG_System_US ) and CompTIA ChannelCon via Twitter using hashtag #ChannelCon16.

Throughout CompTIA ChannelCon 2016, RG System will engage with hundreds of IT professionals and highlight its network monitoring, data backup and antivirus protection solutions, which is available to channel partners in all regions. To secure an appointment with RG System at ChannelCon, please email Raul Besker at Rbesker@rgsystem.com or call 1-888-390-4990. Event attendees are encouraged to visit RG System at booth number 423 during the Technology Vendor Fair.

"RG System makes Monitoring and Network Management simple thanks to our community." says Farid Sahari, US Branch Manager of RG System. "The more we listen to our users the more our platform has to offer. Come visit us to see what's new on our Dashboard!"

"CompTIA ChannelCon attracts the industry's best and brightest minds, delivering exceptional business value through high-impact training, educational sessions, industry panels, keynotes,

networking opportunities and working groups on the most important topics and trends affecting the technology industry," said Kelly Ricker, senior vice president, events and education, CompTIA. "We're delighted to have RG System demonstrate its success and share market perspective with this year's ChannelCon attendees."

More information on the complete CompTIA ChannelCon 2016 program, including keynotes, panels and educational sessions, is included in the event agenda available here. Registration for CompTIA ChannelCon and the ChannelCon Vendor Summit is open and available online.

Media and IT industry analysts are encouraged to attend the conference. Highlights from CompTIA ChannelCon will be available on Twitter and Facebook with the hashtag #ChannelCon16.

### About CompTIA
The Computing Technology Industry Association (CompTIA) is a non-profit trade association serving as the voice of the information technology industry. With approximately 2,000 member companies, 3,000 academic and training partners, 80,000 registered users and more than two million IT certifications issued, CompTIA is dedicated to advancing industry growth through educational programs, market research, networking events, professional certifications and public policy advocacy. To learn more, visit CompTIA online, Facebook, LinkedIn and Twitter.

### About RG System
RG System is the software editor of an all-in-one solution that gathers 3 essential dimensions of IT management: RG Supervision, RG Security and RG Backup. RG System offers a network management solution as a SaaS mode that can drive and automate monitoring, safety and backups/restorations. From one unique Dashboard, RG System grants a centralized view on all the components of your infrastructure and alerts you if you should worry about their health status and therefore a corrective action is required. That way, your equipment is monitored, kept safe and your data backed up. RG System stands out thanks to its Agile Scrum development method, its participative roadmap and it client driven philosophy. We make sure to design innovative solutions and to build long-term relationships with our customers. Our goal: provide our customers the best technologies available on the market, through a user-friendly interface, at an affordable price.
